

# haydenblair.com

This website is going to display my social media, a short bio about myself, and some of the projects I have worked on in the past.

In order to market myself in a professional fashion, this project will serve as a well-designed, easy to use portfolio that allows someone to learn a little about me, view some of my work, and get in touch with me.

## Personas

### Employers

Potential employers can use this website to learn about me and my abilities.

### Educational Institutions

If I choose to further my education, I could provide this portfolio to be considered with my application.

### Peers in my Field

Fellow students, future coworkers, and anyone else in my field can use this site to learn about me.
